## STEEL + CAST ALUMINUM LEG ASSEMBLY

Ships assembled with embedded fasteners for rapid assembly.  
Leveling glides or casters.

## STEEL TRAPEZOID FRAME RAILS

Lightweight, high-strength rails with integral connectors  
provide increased capability and differentiation.

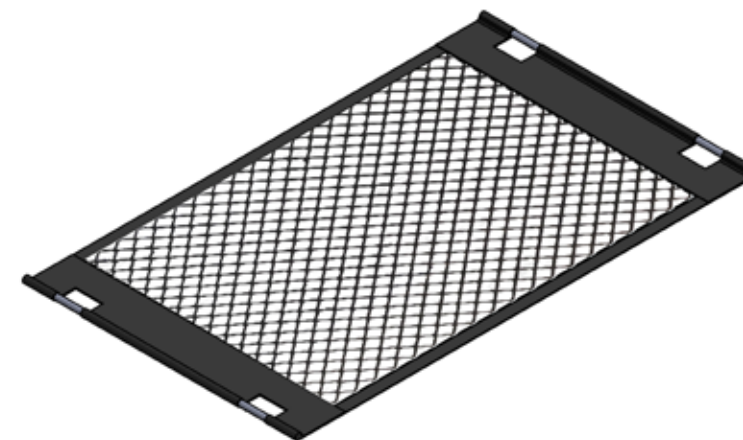

## **CABLE MANAGEMENT CLIPS** STANDARD

Route cords and cables anywhere on frame interior,  
before or after worksurface installation.

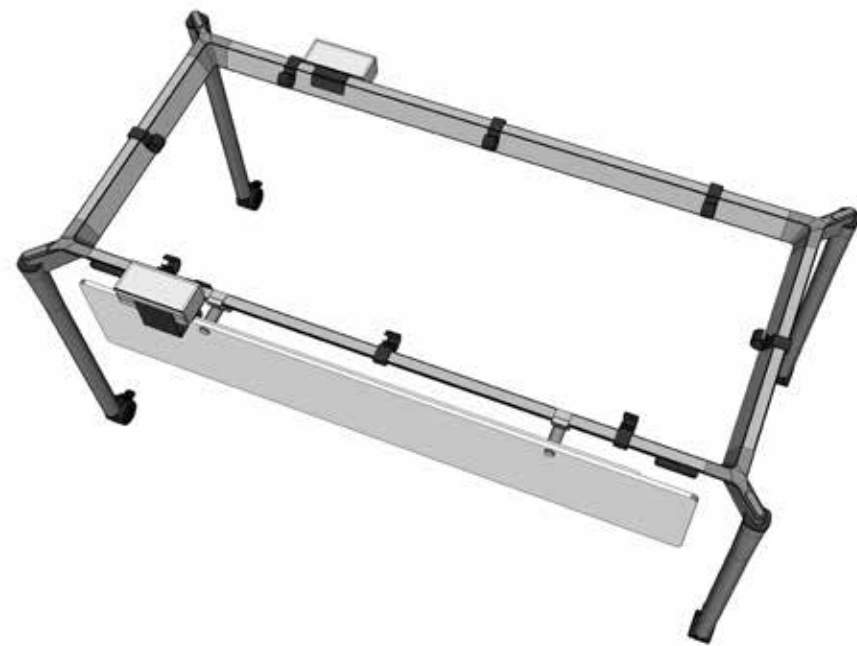

## **FULL-WIDTH CABLE NET**

Quickly stow and conceal cords and chargers.  
Hooks to cable management clips.

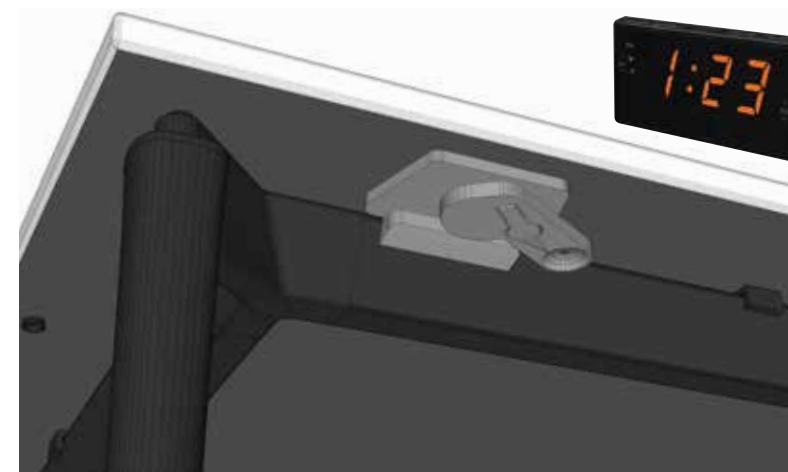

## LIGHT-SCALE FRAME WITH INTENSE CAPABILITY

Rigid, lightweight frame with full-perimeter accessory connectivity. Tighten two fasteners per rail, then snap accessories to the frame.

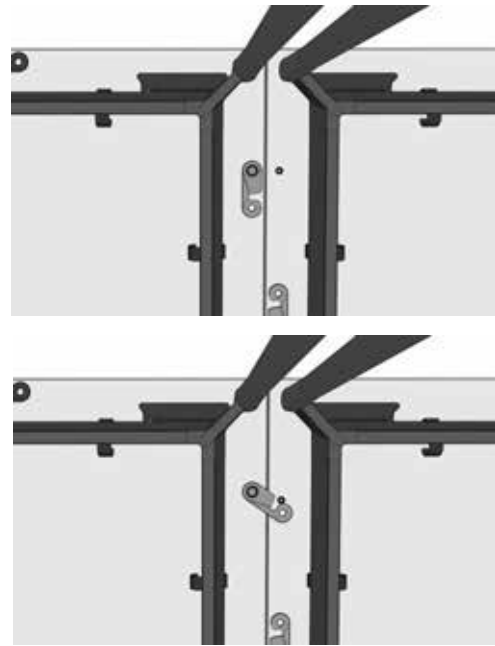

## CLIP-ON TOP STANDARD

No more worksurface screws! Pre-attached components align and securely clamp worksurface to frame. Entire table sets up in less than 90 seconds.

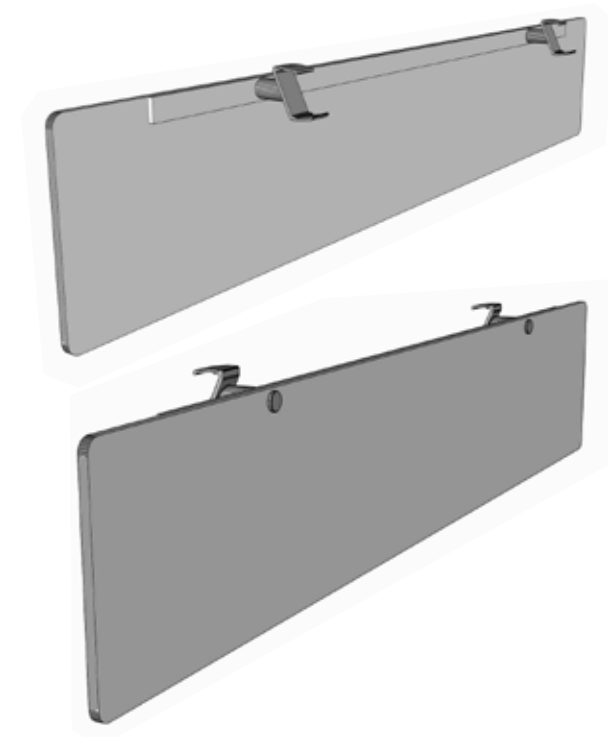

## SWIVEL + LATCH GANGING CONNECTORS STANDARD

Rectangle and square tables gang side to side,  
face to face, or all sides.

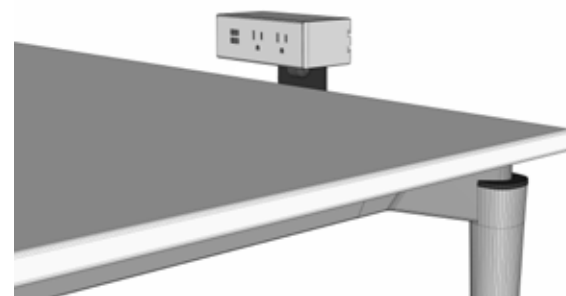

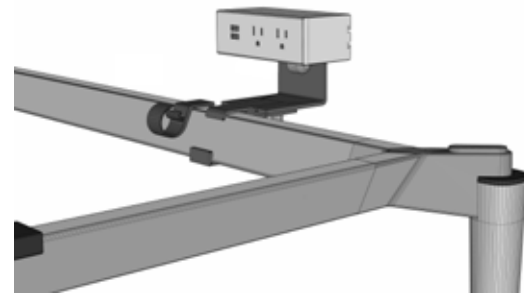

## PET FELT MODESTY PANEL

Just clip onto frame, installs in seconds without screws or tools.

## ABOVE-SURFACE POWER

Clamps to frame in seconds, no screws or tools.  
Relocates without removing worksurface.

## PERIMETER POWER

Personal, distributed power hangs directly on frame.  
No cut-outs or electrical planning.

## ONE TOOL

All fasteners are embedded or pre-installed  
[just few turns and you're done]. Use our 5mm driver or yours.

## ONE PLATFORM DELIVERS MORE WITH LESS.

Desking. Group Tables. Multiuse Tables.  
Simple to plan, simple to spec, simple to install.
