

Park

—
The anywhere, everything table.

Park [by simiidesign]

A simple, highly-developed laptop, tablet, and occasional work table for home, office, and hospitality spaces.

- Fully-tooled, **die cast aluminum base** delivers strength while providing light weight for quick movability. The adjustable height table weighs 17lbs, and the fixed height model a mere 14lbs.
- **Integrated handle** on worksurface top plate allows you to relocate the table with just one hand. Grab and carry to your meeting or sofa.
- **Fixed Height [25"]** model delivers full functionality at a highly competitive price point.
- **Height Adjustable [21" – 31.5"]** model adapts to seat height and individual work preferences. Infinitely variable heights with no cables to activate. Functions as a presentation lectern, or budget laptop sit-stand option in flexible workspace environments.
- **Powder coated MDF tops** with harmonized powder coated aluminum bases in on-trend colorways for compatibility across a wide range of projects.
- **New! Diamante tops** Simii is excited to bring you an exclusive, innovative, organic material called Diamante. Diamante combines durability and sustainability without skimping on great design. The nature inspired color-ways complement the wood fiber top while offering a modern feeling through the sleek poly finish and soft edges.

Park [Fixed Height Personal Tables]
